IMEI 350000131000024 · Ref EXEMPLU_ · 30.10.2026, 16:20

Do not buy this phone

The phone is locked to another person's iCloud account. Without that password it cannot be used. A reset or a repair will not unlock it.

iPhone 13 · 128GB · Midnight

Bought new in March 2023 (~4 years ago)

The 4 things that matter

YES

Is it locked to someone else's account?

Yes. "Find My iPhone" (iCloud) is on, signed in to the previous owner's account.

NO

Is it reported stolen or lost?

It is not in the international database of stolen phones.

YES

Does it work with any SIM card?

Yes. It is unlocked and works with any carrier.

NO

Is it managed by a company?

No. It is not a work phone managed by a company.

Good to know

The Apple warranty has expired.

It is not a display, replaced or loaner phone.

What to do now

- 1

Ask the seller to remove the iCloud account in front of you: **Settings** → **their name** → **Sign Out**.
- 2

If they manage it, check the IMEI again before paying.
- 3

If they cannot or make excuses, walk away.

Common excuses: “I forgot the password”, “I’ll unlock it later”, “it’s from a repair shop”. An iCloud-locked phone cannot be legally unlocked without the account owner.

The phone can still be locked after you buy it

This report shows the status at 30.10.2026, 16:20. After the sale, the previous owner can still report it stolen or lock it remotely (via iCloud, Knox or Chimera), even if it is clean today. To protect yourself:

- Ask for the original invoice or write a short sales contract with the phone's IMEI and the seller's identity details.
- Pay by bank transfer, not cash, so there is a record.
- Keep your messages with the seller and the listing.

If the phone gets locked later, this evidence lets you ask for your money back or file a police report.
